2. The full report should be presented and then general members, in turn, may ask questions or comment. It is not appropriate to make motions or discuss items of business during this portion of the meeting.
3. This time should also be used for any presentations to be made to the general membership.

V. Open Forum

1. It is the custom and practice of most organizations to allow general members an open forum to ask questions and speak about their concerns to an executive after a report has been provided.
2. Strict time limitations should be imposed by the Chairperson and these limitations must be enforced. Each general member should address the Chairperson regarding an issue and must speak courteously and to the point.

VI. Old and New Business

1. All items that were tabled during previous meetings must be revisited during the business portion of the agenda occurring after executive reports.
2. The general membership may vote to postpone consideration of any old business or it may remove any item from consideration.
3. Except in the case of emergency business, all new items of business are heard only after all of the old items have been addressed by the general membership.
4. All business must be conducted in the form of motions or resolutions adopted by a vote of the general membership.

VII. Motions and Deliberations

1. When an item of business is to be discussed, the Chairperson announces the item to be discussed and opens the floor to discussion.
2. No general member may speak until recognized by the Chairperson. No general member may interrupt the speaker who has the floor.
3. The Chairperson may impose reasonable time limitations. All time limitations must be uniformly imposed upon all of the general members. The speaker shall be given a one-minute warning before time runs out. By vote of a majority of the general membership, time limits may be extended.
4. The Chairperson is to recognize each general member in turn. Discussion shall be limited to the item of business at hand, and the Chairperson shall have the authority to take the floor from a speaker who does not limit discussion to the item of business at hand.
5. No general member may speak to an issue for a second time until all other general members have had the opportunity to speak to it for the first time. Likewise, no general member may speak to an issue for a third time until all other general members have had the opportunity to speak to it for a second time.
6. When it appears to the Chairperson that all general members have had the opportunity to fully discuss the matter at hand, the Chair should announce that the item of business is ready for a vote.

VIII. Voting

1. There are 3 basic motions for each item of business:
 - A motion to adopt a specific action by the board.
 - A motion to postpone the item to another meeting (including fact-finding assignments to a person or committee).
 - A motion to remove an item from consideration
2. The general membership is limited to discussing one item of business at a time, but there are no limits to the number of motions that may be considered as to how to dispose of that item of business.
3. After the general membership has had the opportunity to discuss each motion presented for consideration, the Chairperson will call each motion presented to a vote.
4. The fact that a motion has been adopted or failed does not prevent the item of business from being added to the agenda in the future and all motions may be reconsidered at any time by the general membership.
